

8<sup>th</sup>

# School on organic electronics

nano-organics  
and devices

4-8 JULY 2016

Université Pierre et Marie Curie  
4 place Jussieu, Paris, France  
Amphi 45 A

#### Topics

Molecular electronics, Organic nano photonic, Organic and nano magnetism, Nano bio/medecine, Organic devices

#### Keynote Speakers

Thomas Bjørnholm, University of Copenhagen, Denmark  
Gilles Horowitz, CNRS, Ecole Polytechnique, France  
Giovanni Marletta, University of Catania, Italy  
Sergey I. Bozhevolnyi, Southern University of Denmark, Denmark  
Kasper Moth-Poulsen, Chalmers University, Sweden  
Jean-François Bobo, CNRS CEMES, France  
Jacek Fiutowski, Southern University of Denmark, Denmark  
Philippe Saintavit, University Pierre and Marie Curie, France  
Giulio Sancini, University of Milano-Bicocca, Italy

Organising Committee: Nadine Witkowski, Ludovic Torteche  
University Pierre and Marie Curie, France

Registration open until June 15th
